

物管系統新增門禁號碼簡易操作說明

- 開啟瀏覽器, URL 輸入 <http://10.10.16.200:8080/tmcs/> 輸入帳號/密碼
- 如果要新增的卡片是住戶卡, 請選使用者帳號; 如果是尚志或大同卡片, 請選管理者帳號內的, 找到對應的使用者後, 按右側的[動作]>>[感應卡設定]

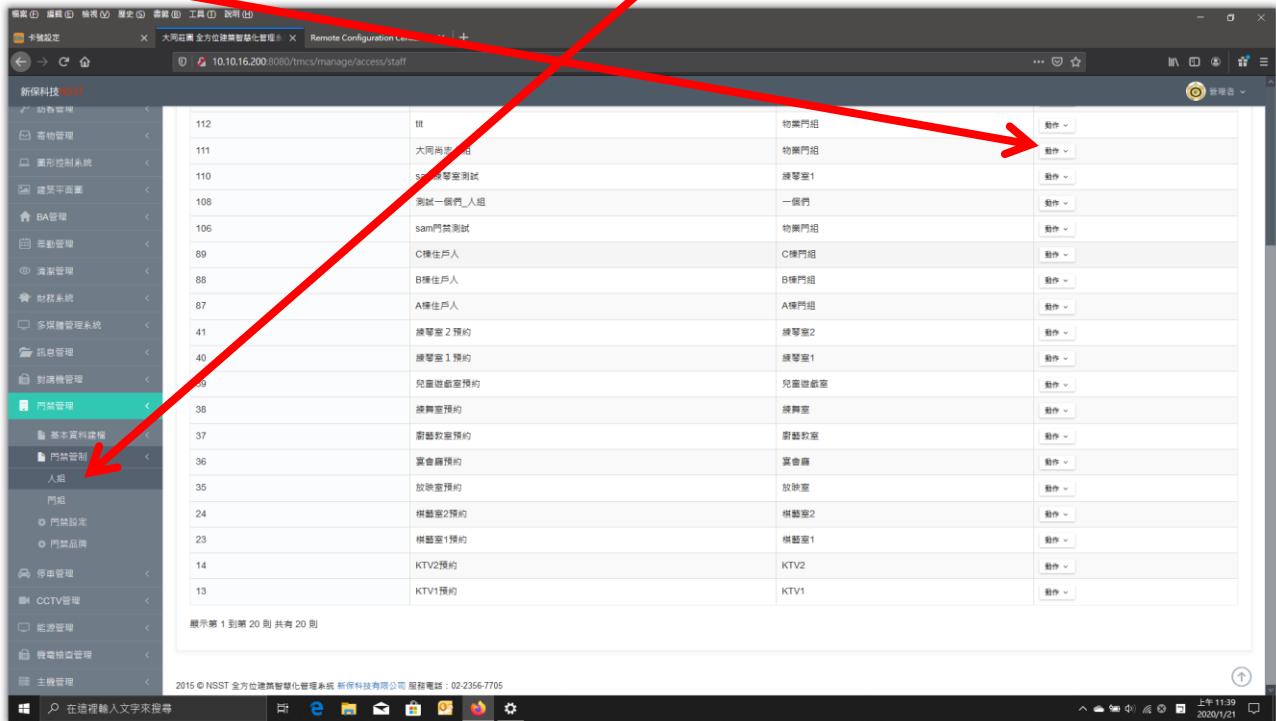

The screenshot shows the 'User List' page of the TMCS system. The URL is 10.10.16.200:8080/tmcs/manage/user. The page displays a list of users with columns for ID, Account, Name, Phone, and Last Login. A red arrow points to the 'Actions' column of a selected user row, specifically to the 'Card Setting' option in the dropdown menu.

- 新增感應卡卡號, (卡號請用讀卡機讀出或者用中控室的指紋機讀出卡號)

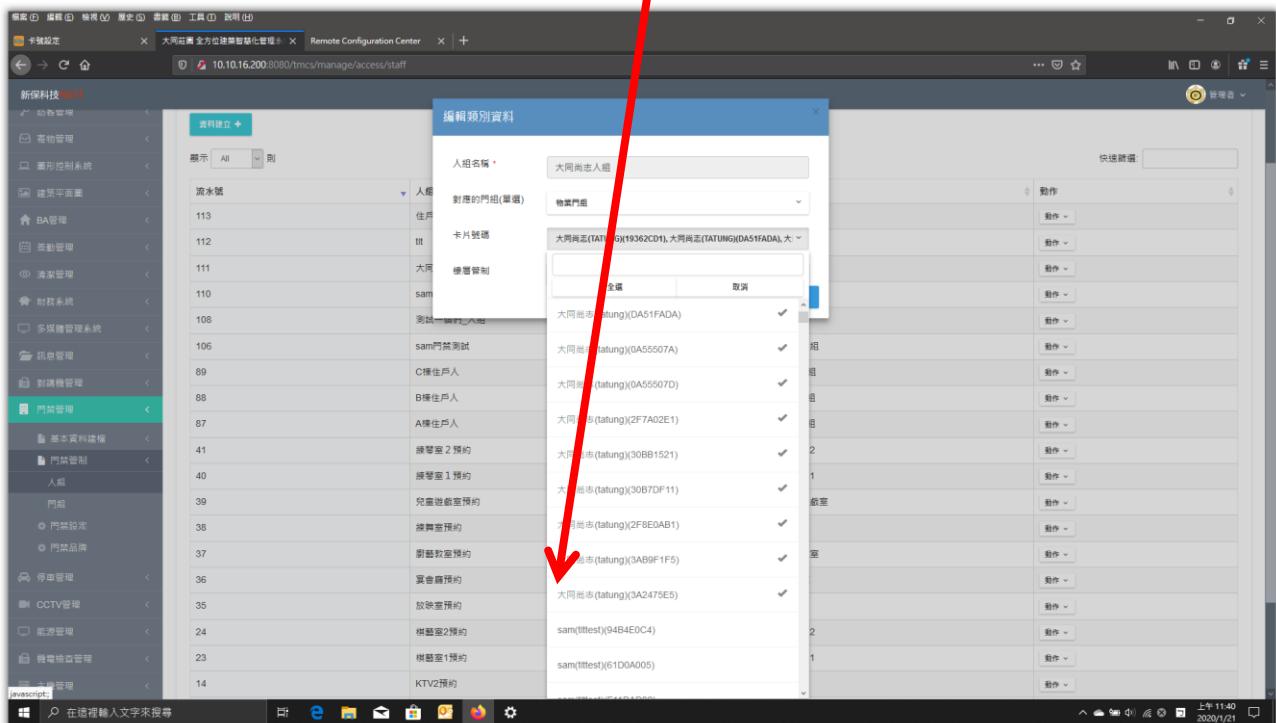

The screenshot shows the 'Card Setting' dialog box. The URL is 10.10.16.200:8080/tmcs/manage/admin. The dialog box has a title '感應卡設定' and a sub-section '新增感應卡'. It contains a text input field '请输入感應卡卡號' with a placeholder '請輸入感應卡卡號' and a '新增' button. A red arrow points to this input field. The background shows the TMCS user list page.

4. 點選左側功能列的 [門禁管理] >> [門禁管制] >> [人組]，找到對應的人組名稱後，按右側 [動作] >> [修改]

Screenshot of the 'Door Access Management' section in the system interface. The left sidebar shows 'Door Access Management' selected. The main table lists various groups and their corresponding door access permissions. A red arrow points from the 'Actions' column to the 'Modify' button for the 'TIT' group.

5. 範例選擇[大同尚志人組]，把剛剛新增的卡片選擇後顯示打勾

Screenshot of the 'Door Access Management' section in the system interface. The left sidebar shows 'Door Access Management' selected. A modal dialog box titled '編輯類別資料' (Edit Category Data) is open, showing the 'Group Name' as '大同尚志人組'. The 'Door Access' dropdown is set to '物業門組'. A red arrow points to the 'Selected' checkbox for the 'TIT' group in the list.

6. 按[送出]，畫面跑完更換後即新增卡片完成
